MANSFIELD, OHIO.

Large Democratic Meeting—Thurman and Pendleton the Speakers—The Rival Candidates Both in Mansfield.

Special Dispatch to the Commercial.

MANSFIELD, O., September 25, 1867.

The Democratic meeting here to-day was largely attended. Messrs. Thurman and Pendleton were the speakers. Judge Thurman, in the course of his speech, declared that there was an agreement between the Republican members of Congress to disregard and repudiate the Constitution of the United States in the work of reconstruction, and cited a letter written by Thad. Stevens about a month since, as an avowal by Mr. Stevens to such a compact. He asked Mr. Hayes if he was a party to this agreement. Mr. Thurman was quite unwell and worn down by the incessant labors of the canvass.

It has fallen to Mansfield to entertain from time to time during the present campaign quite a number of eminent politicians. Last night Hayes, Thurman, Colfax and Pendleton were guests of the Wiler and Empire Houses.

SALEM, OHIO.

Barns Fired by an Incendiary—Loss $10,000—Insurance $4,500.

Special Dispatch to the Commercial.

SALEM, O., September 25, 1867.

Two large barns, one belonging to Simon Hartzell, the other to J. O. Eckes, in Berlin township, Mahoning county, eleven miles north of this place, were destroyed simultaneously by fire last night. Mr. Hartzell's barn contained a large quantity of hay and grain; also about one thousand dollars worth of farm machinery. Eckes's barn contained a considerable amount of hay and grain. Hartzell's loss is estimated at about six thousand dollars, insured for twenty-two hundred in the Farmers' Mutual Insurance Company, of Mahoning. Eckes's loss is about four thousand dollars; insured in the North American for twenty-five hundred. The fires were undoubtedly the work of an incendiary. Both gentlemen were absent from home at the time.

PHILADELPHIA.

Enthusiastic Welcome to Gen. Sheridan.

PHILADELPHIA, September 25.—Gen. Sheridan arrived in a special train from Baltimore at 6 P. M. He was received by Mayor McMichael at the depot, and while waiting in the reception room for arrangements for an escort, was introduced to the members of Select and Common Councils. There were no formal speeches. The General was accompanied from Washington by the staff and Senator Cameron. All being prepared, Sheridan was conducted from the depot and took a seat in a barouche with the Mayor and Mr. Cameron, amidst tremendous cheering from the assembled crowds. A salute was also fired. The military escort consisted of City Cavalry, the National Guard, Infantry and Fire Zouaves. There was also a large turn out of Republican Invincibles with torches, and twenty fire companies with their apparatus brought up the rear. Many dwellings on the route were illuminated, and the Union League house was brilliantly lit up. Over the centre arch was the name of Sheridan, and other portions of the front were decorated with stars and the words "Liberty," "Washington" and "Union," all in gaslets. Along the pavement lines were stationed the crippled soldiers from the Soldiers' Home who were gathered in an enthusiastic crowd. The procession passed the line at a moderate pace, and on approaching the Continental Hotel the applause became deafening. At the Union League it drove to the side door of the hotel and an entrance effected with little difficulty.

Shortly after the General and Mayor made their appearance on the front balcony the audience a view of the procession as it filed along Chestnut was obtained. The General was received with cheers from the firemen in line and the spectators filling the streets, and this continued until the procession had passed. The General responded to the cheering with bows, and finally bidding the crowd be still, he bade them good-night and retired. There were no speeches. The General partook of a banquet with the Mayor and City Councils. Senator Cameron was also a guest, but as this was a private entertainment, no reporters were in attendance. The formal reception by Mayor McMichael takes place at noon to-morrow, at Independence Hall.

THE PLOT OF THE PRESIDENT.

Letter from Senator Howard—Impeachment.

DETROIT, MICH., September 25.—The *Tribune* this morning publishes an interesting letter, understood to be from Senator Howard. In referring to the threats of the Washington *Union* that Senators who have declared their convictions before hand shall not sit in judgment upon President Jounson, Mr. Howard says: It is generally understood the *Union* is under the patronage and control of Mr. Johnson and his immediate advisers, and that in view of military preparations now going on in Maryland and other border States, such threats can hardly be regarded as merely for buncombe, but that the original purpose of the President to attempt violence upon Congress has become deepened and intensified under the malign influence of his private advisers.

Mr. Howard continues: Regardless of these revolutionary *coup d'etat* movements, let him be sure of that, and let the people, and the friends of law, protect them in so doing. If rebels and rebel sympathizers have not yet had enough of strife and bloodshed, they can, in my poor opinion, become easily satisfied by stirring up Johnson to assault Congress in any military violence. And indeed I am not sure that in the long run such a mad attempt would not, as leading to a final and comprehensive suppression of the rebellion, be overborne by the condign punishment of their fomenters, to be decided in such case by the unanimous vote of the nation. There must be a final decision at some time; perhaps it is the will of Providence that Johnson's madness shall hasten it.

NASHVILLE.

Shooting Affray—The Municipal Election.

NASHVILLE, September 25.—The newspaper controversy between Major James D. Walker and Col. J. Albert Smith, ex-Federal officers from Indiana, culminated this morning in a pistol fight in the hall of the room of the Stacey House. Walker was the attacking party, and received three wounds, one through the left lung, one in the shoulder, and the other in the thigh. It is thought he will not survive. Smith is unhurt. He was arrested and bailed in the sum of $8,000.

The apprehensions of a riot at the municipal elections, felt for a week past, are much quieted by Grant's order to Thomas. If carried out properly at the election will be peaceful. The city authorities feel assured they will be protected in the due exercise of the franchise, whilst the leading Radicals are of opinion that Thomas will not assume to decide the question, but, upon Gov. Brownlow's decision, and thus sustain the franchise law. Probably both parties will hold an election, and let the courts determine the question. Thomas is expected to-night, when Col. Cooper, commander of the militia, will consult him. The latter expects to have six hundred militia men here Saturday, one company from Jackson having already arrived. Four disbanded companies have been recalled to service, met with plenty of Federal troops under Thomas, no collision need be feared. Telegrams have been sent to Washington, asking that more definite instructions be given to Thomas.

RICHMOND.

The Soldiers and Sailors' Convention.

RICHMOND, September 25.—The Soldiers and Sailors' Convention met to-day. One hundred delegates were present from all sections of the State. Gen. H. H. Wells was chosen President.

The Convention adopted a set of resolutions pledging itself to the support of the reconstruction acts, and to carry out the other provisions of the law, including A. A. bills, to indorse the radical platform of the State Convention which met here recently, to hold the colored delegates present, but laid on the table, a resolution urging a full vote of the State. They adopted. Adjourned *sine die*. Three ex-general officers were among the delegates.

Gen. Schofield has decided that Congress has prescribed no oath for delegates to State Conventions, and there is no other competent authority. The only requirement as to voters is contained in the fourth section of the act of March 24, that no person excluded from holding office by the fourteenth amendment to the Constitution shall be eligible as a member of the Convention.

Buckeye Club Races, Cincinnati.

CINCINNATI, September 25.—In the first race at the Buckeye Club Course to-day, two mile dash, purse $600, for all ages, Alexander entered Ranger, and John Bunker entered McFadden's Manor, and John Bunker entered McFadden's Chestnut Gelding by Star Davis. The race was won by Ranger, time 3:49¾. Trotting—Second race, purse $500, mile heats, three in five for all ages, Boston, Jr., entered, Nellie Jackson and Counsellor, Liverpool, Stonewall Jackson and Counsellor, Liverpool, started. The first heat was won by Stonewall, Counterpoise second, Liverpool third, and Boston fourth; time 1:48¾. The second heat was won by Counterpoise, Liverpool second, Stonewall third, Boston fourth; time 1:48¾. The third heat was won by Stonewall, Counterpoise second, Boston third, Liverpool distanced; time 1:48¾. The fourth heat was won by Stonewall, Counterpoise seconds, Boston third; time 1:50.

Thad Stevens's Health Rapidly Improving.

LANCASTER, PA., September 25.—Thaddeus Stevens's health is rapidly improving. He will soon resume work on his Reconstruction, Revenue and Bankrupt measures, hoping to have them ready at the meeting of Congress.

Special Dispatch to the Commercial.

WASHINGTON, D. C., September 25, 1867.

The Nashville Trouble.

Official intelligence from Tennessee, to-day, gives reasonable assurance that the armed collision between the State authorities and corporate officials of Nashville, regarding the election on Saturday, will be prevented. Among the documents forwarded from Nashville is an order from Governor Brownlow to his Adjutant General, calling for the armed forces of the State to be in readiness.

Military Conference.

Generals Sheridan, Hancock and Sickles were all in conference this morning with General Grant. General Hancock is anxious to proceed at once to the command of the Fifth Military District, to which it is understood no objections will be made at headquarters.

Gold Sales Suspended.

It is understood that the Secretary of the Treasury has suspended the sales of Government gold, and the probability is that they will not be resumed until after the payment of the interest on the 5-20s which falls due in November.

The Louisiana Election.

Special advices from New Orleans seem to leave no doubt now but that the election in Louisiana will take place on Friday and Saturday next. The registers of voters have given notice of the places in the city where the election will be held.

Army Officers Recovering.

A telegram was this morning received at the War Department from New Orleans, announcing that the officers of the army who have been attacked with yellow fever are doing well, and will soon recover. But very few of the soldiers have died of the fever.

Alaska.

The Treasury Department is preparing some maps for commercial purposes, in which they have designated the recently acquired Russian Territory as Alaski.

Tobacconists' Complaints.

A New York Committee of Tobacconists waited today on the Secretary of the Treasury and Commissioner of Internal Revenue, and earnestly urged a modification of the recent regulation relative to tobaccos. They declared that under these regulations the proprietors of bonded warehouses would be obliged to give them up. The Department promised to give the complaints earnest attention.

Conflict Between Pennsylvania and the Navy Department.

A serious conflict has arisen between the Navy Department and the judicial authorities of Pennsylvania relative to a writ of *habeas corpus* issued by a court of the latter, for a marine enlisted at the Philadelphia Navy Yard, who is a minor. The Department instructed the commandant of the yard to refuse to obey the writ. He has gone into court and stated his instructions in return to the writ. The District Attorney thereupon declared that he should call upon the Governor for an armed force to compel obedience. The court has taken until Saturday to decide as to whether it is a case of contempt. The fact being reported to the Navy Department, instructions were telegraphed to-day to Commander Selfridge to use all the power at his disposal to resist the State authorities. The Department claims that the marine was enlisted according to the law relating to the enlistment of minors, and they will refuse to give him up.

Death of an Assassination Conspirator.

Advices received here state that out of four hundred prisoners at Dry Tortugas, one hundred are sick with yellow fever. The commanding officer of the post and surgeons of the hospital are also sick with the same disease. Dr. Mudd, sentenced to imprisonment for his connection with the conspiracy to assinate the President Lincoln, is rendering medical assistance to those who are sick with the yellow fever at Dry Tortugas, and among the patients are the officers named. O'Laughlin, the only one of the conspirators who was sick, has died since sending previous dispatch.

General Hancock

Has decided to leave for the West to-morrow afternoon and not to take command of the Fifth District at present.

WASHINGTON, September 25, 1867.

REGISTER OF THE TREASURY.

Col. John A. Graham, Assistant Register of the Treasury, was yesterday appointed Register of the Treasury, vice Register Colby, resigned. Mr. Colby shall be appointed.

DOING WELL.

A dispatch received at the War Department from General Mower, at New Orleans, reports General Graham and the rest of the officers there sick with the yellow fever as doing well.

ARMY WAGONS TO BE SOLD.

An order from the War Department provides for the sale of all army wagons now lying at the Quartermaster's Department, except the prescribed mule wagons, and all ambulances except of the Model Coddington pattern, and all harness with the harness used therewith.

Arrest of Garibaldi.

FLORENCE, September 24.—Gen. Garibaldi was arrested to-day near a small town in Upper Apenninas, by order of Victor Emanuel. His intention and designs were made known to his adherents, and consequently to the King's Government, in this city, by the circulation amongst the revolutionists of inflammatory addresses dated from Arrego on the 22d. The issue of this paper placed Victor Emanuel in a difficult position. By the recent convention with France, under which the French troops evacuated Rome, he is bound to maintain the Papal territory free from filibustering coming from Italy. The King replied to Garibaldi's address by Royal proclamation, circulated also on Sunday, in which he denounced the Garibaldian movement, cautioned his subjects against aiding or taking part in it, and declared his resolve to arrest and rigorously punish any of his people who disobeyed him, as well as others arrested on the soil of Italy engaged in crime against the law of nations. By virtue of this proclamation Garibaldi has been arrested.

Italy Will Prevent Invasion.

FLORENCE, September 24, P. M.—The Italian cabinet, under the premiership of Rattazzi, is determined to prevent the invasion of Papal territory by the Garibaldians or party of action men, and also to preserve from violation the articles of the convention of September 15th with France, and other treaties guaranteeing the integrity of the Papal dominions. Gen. Garibaldi's proclamation against Rome, was on Monday last at Strigaglia, sixteen miles northwest of Ancona. Here the General was summoned by Italian authority, and under the law, to retrace his steps. Garibaldi at once refused, and was immediately arrested by the officers of the crown and conveyed, after a short delay, to the fortress of Alessandria.

Garibaldian Arms Seized.

The arms and war munitions intended for the use of the Garibaldian troops were seized on the frontier. The Italian volunteers who joined the Garibaldian ranks were made prisoners by the agents of the King. Intense excitement prevails.

Excitement in Rome.

ROME, September 24.—The city is greatly excited. The Papal troops, including the Antibes Legion, are on the alert everywhere.

The Feeling in Paris.

PARIS, September 24, P. M.—The city is excited to a very great degree by the publication of the news of Garibaldi's arrest.

Transports at Toulon.

TOULON, September 24.—A number of French transports are now in the harbor. They have been here under orders of the Minister of Marine, ready for the duty of embarking a force of troops for Italy.

Riot in Florence.

FLORENCE, September 25, A. M.—When it became known here that Garibaldi had been arrested and imprisoned in the fortress of Alessandria, the partizans in this city were greatly excited. Large gatherings in the streets in crowds, made a turbulent demonstration of sympathy for their leader. The manifestations finally developed into a riot, but the disturbance, though threatening, was suppressed without any other prower, and by nursery and farm yields of the Government. At the volunteers of Garibaldi, who had gathered at various points on the Roman frontier, have been compelled to disperse by the Italian regular troops.

Another Proclamation.

Victor Emanuel has issued another proclamation, in which he says the interests of Italy require delay in its treaties with foreign powers, excited as it is the painful duty of arresting Garibaldi, the acknowledged leader of a movement in direct violation of these treaties.

Garibaldi Offered His Freedom.

FLORENCE, Noon, September 25.—It is said the Italian Government has offered to release Garibaldi on his parole at Caprera, or relieve him of all restraint if he will give his parole not to engage in further hostilities against Rome.

Opinions of French Journals.

PARIS, September 25.—The *Moniteur*, and all journals of an official or semi-official character, praise the decision and firmness of the King of Italy in preventing a descent upon his territory, and in faithful faith of treaty obligation, and say the conduct of the Italian Government in the matter affords another strong guarantee for the peace of Europe.

Dr. Henry Nelson, of St. Louis, was elected preacher, with Rev. Dr. Smith, of Pittsfield, Pa., as alternate. Completion of Arrangements was also completed. There is a discussion to-night in two of the principal churches.

ALLIANCE, OHIO.

Meeting of Allegheny District M. E. Sunday School Institute—Dr. C. A. Holmes.

Special Correspondence of Pittsburgh Commercial.

ALLIANCE, O., September 25, 1867.

This afternoon, at three o'clock, the Allegheny District Sunday School Institute, auxiliary to the Ohio State meeting, the Sabbath Conference of the M. E. Church, was organized in the M. E. Church of Alliance, Ohio. Prior to the organization Rev. Dr. Williams, P. E., of Allegheny District, delivered a most practical address in behalf of the Sabbath School, from the words, "Also that the soul be without knowledge is not good."

The temporary organization was formed by electing Dr. Williams as chairman, and Rev. D. J. Horner as Secretary. A committee consisting of Prof. I. O. Chapman, Revs. J. McCarty and R. Cunningham, was appointed to report permanent officers. The absence of the committee rendered it necessary for Rev. Dr. Cox and Rev. Mellinger, of Alliance, to be appointed by the Institute and adopted. Dr. W. McCook, Esq., and Revs. J. J. McIlvaine and Dr. Williams were appointed a committee to nominate officers for the permanent organization, and the following were nominated and declared elected: Rev. Dr. Cox, President; Rev. J. Williams, D.D., President; Prof. I. O. Chapman, Rev. Reuben Boyd, Vice Presidents; Rev. Chapman, Rev. Assistant Secretary. Committee on Resolutions—Revs. R. Cunningham, J. McCarty, Committee on Enrollment—L. Park, E. Shelton and Dr. E. S. Croucher.

Interesting and instructive remarks and blackboard exercises were presented by Prof. Chapman during the afternoon.

The Institute met again this evening at half-past seven o'clock.

SECOND SESSION.

The Institute met at half-past seven P. M., and was opened with religious services conducted by Rev. A. H. Leonard, of Alliance.

The minutes of the afternoon session were approved. On motion the Committee on Resolutions was constituted the Committee on Business.

The topic for discussion was the subject of "The Sunday School; Its Relations to the Family and the Church." The discussion was quite interesting and instructive, able addresses being made by Revs. J. McCarty, Dr. Cox, Rev. D. J. Horner, Rev. Dr. Williams, L. Park, Park and Rice, A. H. Leonard.

At the close of the discussion the Institute stood adjourned to Wednesday morning at 9 o'clock.

It may interest your many readers and the numerous friends of Dr. C. A. Holmes, D. D., formerly of your city, to know that by a vote of six out of six he was elected Pastor of the Alliance M. E. Church for a new Conference, of which he so lately became a member, in the General Conference of 1864, at Philadelphia. Dr. Holmes leads the Conference ticket, and Dr. Holmes leads the Sabbath School Institute. This is a noble testimony to their appreciation of Dr. H., on the part of the members of the Conference in which he has been so long at work. Dr. Holmes can be easily and speaks well for his success in the West. In addition to the pastorate of Alliance, Dr. H. has also been appointed to the pastorate of University Charge in Mount Pleasant.

DISTILLERY SEIZED.—The Eagle Brewery, located on the hill-side above the Pennsylvania Railroad, in the Fifth ward, has been seized by Mr. George Keyser, Government Inspector, for illegal liquor distilling. In one of the vaults was found a still and distilling. In another vault was found a still and worm-tubs, and which was being carried on with the purpose, it is alleged, of defrauding the Government. The result was securely locked.

THE STATE FAIR.

Second Day----Brilliant Success.

10,000 Persons in Attendance.

Programme for To-Day.

Noticeable Features, &c., &c.

Yesterday was the second day of the State Fair, and it being generally understood that all the arrangements for the exhibition had been fully completed, large crowds of people visited it, the number on the ground during the day being estimated at about ten thousand. Cars were run on the Citizens' Passenger Railway, to and from the Park, every few minutes, and they were literally packed with people. The Pennsylvania Railroad Company ran a special train to the grounds at stated intervals, and every trip the cars were crowded. The number of strangers attracted to the city by the exhibition, is much larger than on any similar occasion, every train from the East and West being filled with passengers. The Johnstown accommodation train yesterday morning was composed of nine passenger cars which were uncomfortably filled with visitors to the Fair, and the same may be said of all the trains on the other roads leading to the city. The number will undoubtedly be largely increased to-day, and a rush may be anticipated this afternoon. The attendance thus far has been much larger than was expected, and everything so far bespeaks that it will be a great financial success. The officers of the Society are laboring assiduously, and doing all in their power to accommodate the exhibitors and visitors.

The general exhibit appears to be that the display of articles is much larger and fuller than upon any previous occasion. Our merchants and manufacturers have done all in their power to add to the success of the exhibition, and they have succeeded admirably. The articles which they exhibit are generally the best in their respective lines. Although very few specimens from a distance are on exhibition, the display is regarded as a very creditable one, and will be a source of pleasure and profit to the visitors. This fact cannot but prove satisfactory to those of our citizens who have labored so assiduously to that end.

The Race Course.

A number of spirited contests occurred yesterday afternoon, and although the track is rather heavy for speed, very satisfactory time was made. The display of trotting and pacing horses is unusually fine, and their owners appear willing to exercise them freely. This afternoon at three o'clock, the 2:40 class will take the track, and four of the best trotters for the premium.

Police Arrangements.

The best of order is preserved on the ground, which is owing in a great measure to the excellent police force which is constantly on duty. It is customary on such public occasions for thieves and pickpockets to reap a harvest, but the only depredation we heard of yesterday was a lady having her pocket picked of a small sum of money. It might be well, however, for persons to keep a strict watch upon their valuables to-day, as a number of noted thieves are in the city, and may succeed in evading the vigilance of the officers, and effect an entrance into the grounds.

The Programme To-Day.

The following is the programme for to-day:

1. From 8 to 11 o'clock A. M. there will be an exhibition of the thoroughbred horses and mares and family horses, for which premiums will be awarded.

2. From 11 to 12½ o'clock a pacing match will take place between four of the eight entries. The horses will be classified when the entries close, and the time of each will be kept so that the fastest may be pitted against the fastest, and the slowest against the slowest.

3. From 12½ to 2 o'clock, the track will be open to general driving under the direction of the Chief Marshal.

4. From 2 to 3 o'clock P. M. matched horses and mares of one color, show of farm horses, show of fat cattle, and exhibition of fancy driving of ponies will take place on the track.

5. At 3 o'clock P. M. a trot between four of the eight entries will take place. The judges will be selected by the Chief Marshal, and it is expected that the fastest can be trotted in competition on a track in good order with other horses. Now for the harness.

6. In the three entries between colts foaled in 1863, and the two entries between colts foaled in 1864, will be trotted between the heats Nos. 2 and 4, subject to the call of the judges.

On Thursday morning at 8 o'clock A. M. the ring will be cleared for the trial of saddle horses, which, however, will be excluded from the Hall until the hour of 10 A. M., when they will be allowed to be shown with great pleasure. Messrs. Hogle & Chambers are also keeping stock of *Leader* pianos, including the celebrated *Ballard Note* paper and *Equitable* action, which is unsurpassed in regard to the beveredness; also, all the Daily and Weekly newspapers, Harper's and Frank Leslie's illustrated papers and Foreign magazines, the latest novels, sheet music publications, and a large assortment of paper, pens and apparatus, school books, a full line of base ball goods, etc.

Visitors to the State Fair

should not leave the city until they have paid a visit to the Girls' and Youths' Furnishing Good Emporium of Messrs. Hamilton & Dunseath, 68 Fifth street, across from the COMMERCIAL office. At this establishment visitors and strangers will be politely received by the *Eastern graces* (lined universally with a Fifth avenue polish), who will be ready to wait upon the popular French cook throughout Europe, and the Yankee nation, who has made the name of Dunseath famous throughout the United States, as the best fitting shirt extant. This firm have a large stock of goods on hand, and those who wish to purchase will find it to their advantage to call at this establishment before purchasing elsewhere. The visitor will see in the display two sizes of the equally famous Whilldin Corset, a new article, which is unsurpassed, and without the extension top. Both of these articles are manufactured by the proprietor of the establishment, and are fast growing in favor, owing to the demand for them in every great. There are also on exhibition a number of Wheeler & Wilson machines, which are in operation, and are being constantly run by the gentlemanly salesmen in attendance. Those machines are of the latest improved pattern, and are universally considered the best in use. Messrs. Hamilton & Dunseath have been established in business for a number of years, and have always been noted for the excellent quality of their goods, and the reasonable prices at which they sell. Their establishment is located at Nos. 17 and 19 Fifth street, and is well worth a visit. Their display at the Fair Hall, "as aptly beautiful collection of Lithographic Art," is located in Domestic Hall in the rear of the machinery, including all the different kinds in use among mechanics, and is certainly a credit to the establishment. In point of finish and general workmanship we have never seen anything to excel it. Messrs. Bryson's Safe and Drawer Holder is also on exhibition, and is a very useful article. It is designed to be placed in the cellar, inside of which is attached a strong iron chain, which is to be secured to the kitchen or dining room, through a trap door in the floor, thus preventing the labor of running down cellar stairs for articles which are kept in the cellar, and of course free from flies, insects or vermin. The holder will hold a pail, pan, pot, jug, butter, an article of great utility. Ramsey's adjustable Sash Holder is also on exhibition, and is highly recommended. Ramsey's Clothes Rack, a useful article for clothes drying, and for use in the house, is also on exhibition. The agency in Pittsburgh for the Empire Sewing Machine is with Messrs. Fair and Gwinner, No. 97 Market street, Pittsburgh. The agency in Pittsburgh for the Howe Sewing Machine is with Messrs. Fair and Gwinner, No. 97 Market street, Pittsburgh. The agency in Pittsburgh for the Grover & Baker Sewing Machine is with Messrs. Fair and Gwinner, No. 97 Market street, Pittsburgh. OUR CANDIDATE.

Hon. Henry W. Williams.

[From the Pittsburgh Post, June 28.]

WORTHY CANDIDATES.

"The nomination of Henry W. Williams as a candidate for Judge of the Supreme Court, is a good one. He was the best man named before the Republican Convention, and possesses legal and moral qualifications for the responsible position to which he has been nominated. Both parties have now presented their candidates. An important duty has been faithfully discharged by the respective conventions. The campaign may now be conducted without personal asperations, and decided upon the principles of the two great parties. This is as it should be."

[From the Pittsburgh Post, August 29.]

If the notice of Judge Williams's nomination which appeared in the "*Post*" at the time, and now kept standing at the head of the Republican papers, is intended as a rebuke for any supposed inconsistency since, it fails in its purpose. We have nothing to take back or modify. Of Judge Williams's private or legal reputation we have nothing but words of praise, and however it may suit some pugnacious and heady politicians, we cannot bring ourselves to view personal assaults as either wise or politic. The Democracy plants itself upon principle and deals with facts, and discusses the public and official acts of candidates.

For a sketch of the remarks of the Hon. G. V. LAWRENCE, at the Lawrenceville Meeting, Tuesday night, see the third page.

THE New York Constitutional Convention—a very large elephant—has adjourned until the second Tuesday in November next. When it first met the common remark—particularly among themselves—was, "this is a very able body." If it was true, to it will probably now be added another not so complimentary.

THE Democracy in the Twenty-first Senatorial District of this State, are over confident of their ability to return two Senators this Fall. Governor GEARY's majority in the District last year was 875, and there is no reason why the Republican majority next Tuesday week should be much less. In fact, our friends are confident of increasing it, as they recognize the importance of returning two sound Republican Senators, such as Colonel ROBINSON and SAMUEL MCVITTY will prove themselves to be.

THE organ of the workingmen repudiates the coalition proposed by the JOHNSON Conservatives. It is prepared to "state emphatically that neither Mr. BURTT, nor any other candidate on the Labor Reform ticket, desires, or will accept, any nomination from a political Convention." What the "Labor Reform" people "desire" is not the question: it is what the JOHNSON Conservatives propose. What that is we have stated on good authority. We do not wonder the Laboring men spurn the contract. They may not, however, be able to help themselves.

THE Democracy of Lebanon, Schuylkill and Dauphin counties, which were formed into a new Judicial District by the last Legislature, finding there is not the slightest chance to elect their candidate for Judge, now claim that the act is unconstitutional. At the instance of Judge GREEN, the Attorney General some time since issued a writ of *quo warranto* in order to have the question brought before the Supreme Court, and the argument will be heard at the session of the Court in Pittsburgh in November. That the decision will be favorable to the constitutionality of the act there is no one disposed to doubt.

THE arrest and incarceration in the Fortress of Alexandria of GARIBALDI may produce consequences not contemplated. The elements acknowledging him as leader—to say nothing of the enterprise which immediately led to his arrest—are numerous and of the most excitable description. On the Italian Government, which could not do less—if it did not feel disposed to countenance the attempt to overthrow what little remaining temporal power the Pope has—the arrest may re-act seriously. Notwithstanding the strong sympathy which the great body of the American people feel for GARIBALDI and his general objects, his arrest does not seem to be a matter requiring action from our Government, as is hinted at in the Washington dispatches.

THE PEOPLE WARNED.

We are obtaining additional proof every day of the desperate purpose of ANDREW JOHNSON—not rumor merely, but proof to which no man should close his eyes, and that should startle the country as did the first gun aimed at Sumter. At a late meeting held in Cincinnati, Senator THAYER, of Nebraska, made the following statements on his own responsibility:

> I have recently been in Maryland and the District of Columbia, having left Washington only night before last. While there I took special pains to inform myself in regard to the present purposes of Mr. Johnson, and obtained what I am about to state from reliable authority. *I declare upon my responsibility as a Senator of the United States that to-day Andrew Johnson meditates and designs a traitorous resistance to the authority of Congress.* I make this statement deliberately, having received it from unquestioned and unquestionable authority. I cannot point out the occasion on which he will attempt to use military force. It may be to prevent the assembling of Congress, or when assembled. If the House of Representatives passes articles of impeachment, or it may be for the purpose of finding the Southern Senators and Representatives to seats in Congress. The questions may be asked, "Will he do such a thing?" You recollect that six months ago Governor Swann of Maryland was elected a United States Senator, and that a few weeks afterward he declined, giving gravy reasons to abandon the cause. It was that Lieut. Gov. Cox of that state could not be trusted for Johnson's purposes. There is to-day a standing army in Maryland, so organized militia force, such as no other state in the Union has, officered mainly by rebel officers. When the time comes which he looks for, under some pretense Johnson may declare Maryland and the District of Columbia under martial law, and call upon Governor Swann to bring forth his militia. There is nothing that will deter Johnson from his purpose, except when the issue comes that his courage may fail. I make this statement that the American people may know the danger that threatens their peace and safety. If Pennsylvania and New York give Democratic majorities in the coming elections it will embolden him to carry out his purpose; and I hope that you, the people of Ohio, will be warned in time, and so cast your votes as to rebuke and prevent the mad designs of this bad man who is now acting President of the United States.

This accords perfectly with our information through reliable private sources from Washington. Every outward indication as well as the recent course of Mr. JOHNSON tends to confirm its truth. And to such testimony nothing should be required to rouse the people to act as one man to insure that which alone will arrest the danger—*the defeat of the Democratic party.*

HELP FOR THE SICK.

In the great picture, the Court of Death, Fancy is but true to history and facts, in representing as the chief agencies of Death, the three great destroyers, War, Famine and Pestilence. The history of ancient as well as recent times, demonstrates that these often constitute a terrible series, appearing in succession, the famine taking its quota of those whom war has spared, and pestilence sweeping off thousands who had escaped the war and the famine. The Southern portion of our own country has furnished a fresh illustration. Within the short space of three years, some extensive districts have had experience of all the three calamities.

By the clemency of the Union Government the Southern people were exempted, as soon as they laid down their arms, from the horrors of a war begun and foolishly protracted by themselves. The immediate effects of war were experienced painfully by them, while they continued the conflict. Neglected fields, disordered business, wasted property were parts of these effects, and these entailed poverty and privation. Enfeebled and despondent, a full harvest could not save them from the invasion of pestilence. Portions of our Southern States are now suffering fearfully from a two-fold visitation of disease. Cholera and yellow fever—of late particularly the last—are prostrating thousands in sickness and large numbers of them in death.

From the nature of the case, one party cannot be expected, during war, to extend to the opposite party either sympathy or assistance. Since the war ended we of the North have been solicited for aid to the perishing in the South, and large sums of money and quantities of subsistence were furnished in accordance with the call. Nor does the call for aid come less directly and emphatically now, when large numbers of people are suffering from the fever. What is wanted is money, to pay nurses for attending on the sick. There are persons, acclimated to the South, who are willing to perform the humane office. Strangers cannot go into the infected places without imminent danger. A large portion of the deaths is among this class of persons. A movement for raising funds by general contribution has been initiated in New York. A like effort of benevolence should engage general co-operation in Pittsburgh. All objections should give way at the imperative call of humanity. And what is done should be done speedily. The disease is very fatal, and is spreading into the interior of the extreme South. The death record among our officers and troops shows how fearful the mortality is.

ONE of the most remarkable exhibitions of Mr. JOHNSON's administrational incompetency, and at the same time, one of the best evidences in favor of the Congressional plan of Reconstruction, is given in the case of General SICKLES. This officer, acting strictly under the law, was removed by the President on the unsustained allegation of oppressiveness and severity toward the people within his command, and especially for his order relative to the prosecution and collection of claims. On the other hand Governor ORR, of South Carolina—by universal admission a secessionist of the most inveterate type—has been retained in office in the face of the most damning evidence of his complicity with the murderous Ku-Klux Klans. Governor ORR is now in Washington, and has had several interviews with the President. The result is that he is to be retained in office, and SICKLES removed. Why this is so, the following from the Washington correspondence of the Philadelphia *Inquirer* will explain:

> Governor ORR, of South Carolina, has had several interviews with the President, and has left for his home. He is to be retained in office, and SICKLES removed. Governor ORR has been in Washington for several days, and has had a number of interviews with the President. He has left for his home, and will return in a few days. He is to be retained in office, and SICKLES removed. Governor ORR has been in Washington for several days, and has had a number of interviews with the President. He has left for his home, and will return in a few days. He is to be retained in office, and SICKLES removed.

The Philadelphia *Gazette* gives some statistics showing the growth of the Lake Superior iron ore trade. Three years ago it was stated that one-eighth of all the iron made in this country was dug in Marquette county. Ten years ago Lake Superior iron was a mineralogical marvel. The product of the last year was really 396,252 tons, but a large quantity was sold to blasting furnaces near at hand. Detroit and Cleveland are the principal points of shipment, the price of freight being from two and a half to three dollars a ton. In view of these facts, the paper referred to says:

> If the ratio of increase continues—and the increase of population is unsurpassed—the next census will report a million of tons as the annual product. Cleveland is to be a great iron city, and now has a number of furnaces in operation. Detroit is also a point of shipping in some of the most important shipping ports of the lakes.

THE Clevelanders are getting up an extensive Park for the skating season. The capital stock is $18,000, two-thirds of which has been subscribed. The building is estimated to contain 250,000 feet of lumber. It will cover 29,000 square feet, with a skating surface of 15,000 square feet. It will be provided with elegantly furnished reception rooms, waiting rooms, &c., and in the second story will be a mammoth refreshment room for the accommodation of the guests. The venture is expected to pay largely. The building will be commenced immediately.

THE value of the Panama Railroad grant, which has just been extended ninety-nine years, by the Governor of New Grenada, may be inferred from the fact that the railroad company promised to pay the Government of Columbia one million dollars on the signing of the contract, and two hundred and fifty thousand dollars to be paid annually, twenty-five thousand of which goes direct to the State of Panama.

THE N. Y. *Commercial* says: Does any body believe that the teller of the City Bank would have paid a check of Commodore Vanderbilt's for $25, as readily as he cashed the one for $75,000? Any one who has ever attempted to collect a small draft or check at a city bank will testify, out of the fullness of his annoyance, that penny keen and pound careless is the rule in our banks.

"Veteran Observer" gives us his view, from under "the Beeches" of "Western ideas" concerning Presidential candidates, as follows:

> In the West I see but three men who are likely to be seriously brought forward at present. These are S. P. Chase, Ulysses Grant and Oliver Morton. Reasons can be given why Mr. Chase more strength than he seemed to have. On the other hand the people are beginning to understand that Grant is more mightily Radical, as I always supposed him to be. This takes away from the force of Grant's support, but increases the confidence of the Republicans.

THE State Convention for revising the Constitution of the State of New York is in a bad way, and virtually a failure. It has been several months in session, but its labors are not nearly completed. An adjournment for several weeks or months is proposed and likely to take place. Important as it is, the convention is the laughing stock of the people.

THE Government is about to have a great sale of vessels. It will commence on the first of October and continue ten days, at the Philadelphia, Washington and Charleston Navy Yards. In all the number of advertised vessels is thirty-five, in part built by the navy, partly bought for the service from the commercial marine, and partly captured. Thirty-three of these are steamers, and twenty-eight are sidewheelers. Some of them, like the Sassacus, have famous histories. Some, like the Rhode Island, are renowned for speed. Those built for the navy are very strong, but not well calculated for carrying great cargoes. Most are designed for shallow navigation. All are superior to the average of commercial vessels. We shall be surprised if the demand for steam tonnage does not cause them to bring good prices.

AN error concerning a recent decision about the butchers' taxes, is corrected. Butchers who sell butchers' meat exclusively by themselves, or agents traveling from place to place, and not from any shop or stand, are required to pay $5 only. (sec. 79, par. 36.) No special tax whatever is imposed upon a butcher whose annual sales do not exceed $1,000, whether he sells from a shop or stand, or traveling from place to place (section 80.) But if his sales are made traveling from place to place, they must be of butchers' meat exclusively, or he will be liable as a peddler, under section 79, paragraph 32.

POLITICAL.

The State Union Executive Committee of Ohio, has issued a card denying the copperhead lie that the committee has been issuing secret circulars advising the abandonment of the negro suffrage amendment. On the contrary, they are using all means to press the amendment, and are confident of its success.

General Ord has just appointed J. T. Montgomery Justice of the Peace for Davis Bend precinct, in Warren county. Montgomery was the former slave of Mr. Davis and his confidential business manager, and discharged his duties with fidelity and rectitude. Like all who were faithful as slaves, Montgomery now possesses the confidence and respect of the white people.

General Sheridan says the people of Louisiana are sure to vote in the coming election for a convention, and thinks that the delegates elected thereby will make a constitution satisfactory to Congress. He states that the negroes throughout the whole district manifest great eagerness to learn, and to inform themselves as to their new rights and privileges.

Certain Democratic papers in the West have been representing that General Carl Schurz had advised the Germans in the Republican party to desert that organization in all the State and local elections, and only vote with it in the national elections. General Schurz has thought it necessary to take the trouble to write a long letter denying that he ever advised such a foolish course.

OHIO NEWS.

An attempt to break jail in Steubenville was discovered by the Sheriff on Saturday. On the prisoners were found a complete set of burglars' tools, including files and saws.

The Passavant Aid Society of the Steubenville Female Seminary, gave a concert Tuesday evening, in behalf of the Orphan's Home, under Rev. Mr. Passavant's charge in that city.

The Ohio State Fair commenced at Dayton, on Tuesday. The number of entries up to Monday noon was fifteen hundred, with a fair prospect of hundreds more.

The Sandusky *Register* says: On the completion of the Straitsville Railroad, making it possible to get cheap coal in Sandusky, she will offer the strongest inducements of any place along the lakes for the manufacture of glass. Abundant sand of the finest quality is found here, which, with a cheap fuel, and the facilities for lake transportation—which is a great consideration in the shipment of glass—would all be strongly in its favor. Again, the constantly increasing wine product along the lake would furnish no small demand for bottles. The project is worthy of thought; meantime, push on the railway enterprise.

The managers of the Carroll County Agricultural Society have decided to hold a Fair at Carrollton October 16th, 17th and 18th. They have purchased new fair grounds and are making extensive preparations.

The Steubenville *Herald* says: "All along the Pittsburgh and Cincinnati Railroad from this city to Newark, the country adjacent to the railroad track is in a complete state of devastation. The fences, woods and fields have been burned to ashes by sparks from the passing engines. The farmers are obliged to turn out *en masse* to quench the flames."

Over one hundred petitions in bankruptcy have been filed in the Northern District of Ohio.

Peaches are selling at from thirty to fifty cents per bushel, in New Philadelphia.

During the week ending September 21st, 1867, eight hundred and eleven emigrants arrived in Columbus. Out of this number two hundred and four propose to settle in Ohio, one hundred and ninety-six in Illinois, one hundred and twenty-three in Missouri, one hundred and two in Wisconsin, sixty-seven in Indiana, fifty-three in Kentucky, thirty-three in Tennessee, and twenty-three in Minnesota.

PERSONAL.

—The tendency, even with the clergy, to draw ideas from that which is to be reprobated rather than approved, is illustrated by the announcement that the Rev. Robert Collier will deliver a lecture upon "The Inside Track." A pleasant touch of sensationalism quite up with the times.

—The Hon. Edward Stanton is sojourning at Lebanon, among the Shakers, for a short time.

—The Presiding officer of the Gold Room, New York, Rev. Mr. Hoyt, was formerly pastor of the First Presbyterian Church, Louisville, Ky., and has lately been "dropped" by that Presbytery, who gave notice to the world that they are no longer responsible for his conduct as a minister.

—Brevet Hon. Anna Dickinson and George Francis Train, P. B., have been sent for by the female suffragists on duty in Kansas.

IN Philadelphia the removal of the following Revenue Inspectors has been announced as an offering to help carry the State for the Democrats: Joseph Moore, William Hellman, Gavin H. Woodward, Daniel H. George, James Brooks and Lewis Bitting. Charles J. Dougherty has been appointed in the place of Gavin H. Woodward. Edward D. Dolan has been appointed Assistant Assessor in the First District. It is also announced that Paul Jones, master painter, and Daniel Petit, master carpenter, at the Navy Yard, have been removed.

Mr. James Sanderson's annual report estimates the wheat crop in England and Scotland to be under the average. Barley ten per cent. above average. Beans fully average, and peas much below average. The potato crop is producing an average yield, but the quality, from an excess of moisture in the soil, is rather inferior. In the western and southwestern counties of England the disease is very general, the tubers generally singularly good, pastures very abundant, and a larger and better yield of hay was never secured in England.

It is proposed that the city of Philadelphia purchase Petty's Island, for $500,000, and erect a House of Correction. The Moyamensing prison has 195 cells, into which 495 persons are crammed, and the Government is using the upper corridors for the incarceration of whisky and other swindlers of the revenue.

OFFICE OF THE PACIFIC AND ATLANTIC TELEGRAPH COMPANY OF THE UNITED STATES,
Pittsburgh, September 19, 1867.

TO THE CITIZENS OF PITTSBURGH:

The Board of Officers of the Pacific and Atlantic Telegraph Company of the United States have great pleasure in announcing the opening of their lines to Cincinnati and Louisville.

In accordance with the equity which they believe should prevail between incorporation and the public in all charges for the transmission of messages over the wires of this company, they have ordered a reduction of rates from those heretofore customary between Cincinnati, Pittsburgh and intermediate points, and have also directed a reduction to be made in the rate to New York.

The consistency with which this company have endeavored to serve the public, not only by a prompt transmission of messages, but by endeavoring to reduce the cost of telegraphing entitles them to once more request from this community a continuance of that patronage which has so far cheered the Board of officers in their endeavors to establish a permanent independent telegraph line, which, while profitable to the stockholders, from the good will of the public, should be equally remunerative to the public from a steady cheapening of the cost for the transmission of messages.

CITY MATTERS.

REPUBLICAN EXECUTIVE COMMITTEE.—The Republican County Executive Committee met yesterday afternoon at Mr. Taylor's office. The Chairman, Jacob H. Miller, presided, and Wm. N. Ogden, Esq., acted as Secretary. At his own request, Hon. Reg. Scott, of Maryland, was relieved from speaking at the rally at Hare's Hotel last night, in order that he may address a mass meeting to be held at Oil City this afternoon, at two o'clock. No other business of public importance was transacted, and the Committee adjourned until this afternoon.

SURGICAL OPERATION.—A son of Mr. Joseph Snowden had his leg amputated on Tuesday evening, by Dr. Donnelly, assisted by Drs. Tindle and Sutton, several weeks ago, it appears, young Snowden fell into the Monongahela river, and was so nearly drowned that his life was only saved by skillful medical treatment. As is usual in such cases, from that time his health failed him, and an abscess settled on his leg just below and at the knee. The bone being diseased, an amputation just above the knee was deemed necessary, and the operation was successfully performed on Tuesday evening as stated. The patient is doing as well as could be expected.

Sad Accident--Child Killed.

Coroner Clawson was summoned yesterday morning to hold an inquest on the body of a child aged two years, named Annie Schickel, daughter of George Schickel, who was killed near her parents' residence on St. Mary's street, near Grty's Run, in Diquesne Borough, on Tuesday evening. The accident occurred in a fence dividing Duquesne Borough and the out-lot of Pat. Graham, which was sold at Sheriff's sale in Baker township, but which was sold at Farm, in Shaler township, but on the evidence given at the public auction on the 4th inst. From the evidence produced before the Coroner's jury, it appears that through the negligence of one of the employees of the Pour Farm, the large gate, at the place stated, had not been properly closed on its hinges, but was leaned against the edges of the fence, merely at 6 o'clock on Tuesday evening. The little child, Annie Schickel, was playing about the gate, when by some means it fell open, and the weight of the child bore it to the ground. The child was immediately picked up and carried into the house, where it was found that its head had been badly crushed. The physician was sent for, but the little child died in about fifteen minutes. Dr. A. G. McQuede, of Etna, made an examination of the body, and discovered that the skull had been fractured. The witnesses were examined, and the Coroner's jury returned a verdict that the child came to its death by the falling of a gate, through the carelessness of the authorities in charge of the Allegheny County Poor Farm, in not having the gate properly placed.

Fire in Collins Township---Magnificent Residence Destroyed.

Yesterday about noon, a fire broke out in the large and magnificent residence of Dr. H. W. C. Tweddle, of the Standard Oil Works, located on the brow of the hill between Lawrenceville and the Sharpsburg bridge, in Collins township, and a short distance between those points. It appears that some servants in the employ of Dr. Tweddle, were engaged boiling soap in the cellar, under the kitchen part of the house, when by the application of too much fuel, the boiling pot overflowed and set fire to the wood in the cellar. This was soon ashiare, and communicated to the rear part of the house, which was soon in flames when the alarm was given, and the fire department came, and the building was a large square two story frame, and was one of the best finished houses in the county. The building being of such combustible material, the flames spread with great rapidity, and there being no means whatever at hand to smother them, the building was totally destroyed in a short time. Nothing of any value, save a small amount of furniture, was saved from the valuable elements. Among the art cles in the house yesterday, besides nearly all the magnificent variety of minerals, which Dr. Tweddle had brought from foreign lands. The building was owned by Mr. Holmes, Esq., of Collins township, who leased it about five years ago to Dr. Tweddle. The total loss, yesterday, amounts to about twenty thousand dollars, on which there is an insurance of five thousand dollars. Dr. Tweddle is on a business trip East at present.

La Grange and Brignoli.

In view of the approaching Operatic representations by Madame La Grange and Sig. Brignoli, assisted by Signors Marra, Susini, Sarte and Nicolao, at the Academy of Music, next Tuesday and Wednesday evenings, we look for something of a furore, and when to their intrinsic attractiveness is added the fact that Pittsburgh is to be honored with the first re-appearance of Madame La Grange in this country, we give way to no fears on this combination, that the operatic Operas of this combination, there is every reasonable claim upon our patronage which we have no doubt will be liberally honored. Of the character of the principal artist every one at all familiar with musical matters is fully informed. Madame La Grange occupies an elevated position among the lyric celebrities of the day, and in Europe her recent success has been most marked, by which we are assured that she has lost nothing of the excellence which has given her the distinguished place she occupies in her profession. In renewing her acquaintance with the American public, therefore, she comes with new laurels gathered on the shrines of music in Europe, with an ampler culture as the result of most favorable associations, and it is hardly to be doubted with the purpose to still further advance her position in the sphere of song and to bring up a new, and increased favor, the plaudits of the thousands on this side of the Atlantic who have been accustomed to be called upon to honor her powers. And the privilege of passing first judgment has been permitted to the people of Pittsburgh, a distinction which we think the lovers of music among us will not fail to appreciate. Brignoli is a well and favorably known that no particular reference to him is needed. Let our people see to it, that appreciative audiences will greet this splendid troupe of artistes next Tuesday and Wednesday evening. "Puritani" or "Lucia" Tuesday; "Don Pasquale," Wednesday. See advertisement.

Court Proceedings.

UNITED STATES DISTRICT COURT.

Before Judge McCandless.

IMPORTANT BANKRUPTCY PROCEEDINGS.

In the United States District Court yesterday morning, an interesting and important question in Bankruptcy came up for decision.

The First National Bank of Clarion Coun y, on the 18th of July, 1867, in the Court of Common Pleas of Jefferson county, obtained a judgment against Wm. Burns, the surviving partner of the firm of S. & W. Burns, for the sum of $1,808.

On the 31st of July following, Mr. Burns filed a petition in the Bankruptcy Branch of the United States Court. In the meantime, the sheriff had levied on Reynolds and number of defendant. An injunction was issued on the same day at the instance of Burns, to restrain the Sheriff of Jefferson county from selling the levy in said case, the levy having been made prior to the filing of the petition in Bankruptcy.

Yesterday Messrs. Wilson and Purviance, counsel for the Bank, moved the Court to dissolve the injunction. Mr. Purviance made an elaborate argument to show why it should be dissolved.

The reasons assigned were:

I. Because no notice was given of the intended application for injunction, as required by act of Congress and the rules of the District Court of the United States.

II. Because the District Court is expressly prohibited by the act of 1793 from issuing any such writ.

III. The levy having been made by the Sheriff prior to the spediation of defendant for Bankruptcy, the title has vested in favor of the plaintiff in the property levied, and could not be in any way affected by the subsequent application for Bankruptcy of defendant.

Mr. Reynolds, Esq., made an argument, in behalf of the interests of Mr. Burns to sustain the injunction. The different points of the argument of Mr. Purviance were replied to and it was claimed that the injunction could not be legally dissolved.

The Court reserved a decision

Thomas M. McDonald, Esq., made an argument on the part of the sheriff of Jefferson county, representing the interests of that official. The sheriff had been placed in office by the State of Pennsylvania, and expected to perform such and such duties. If the United States said he should not perform such duties it would produce a conflict of jurisdiction.

ANOTHER BANKRUPTCY CASE.

The case of High Campbell which was similar in character to the case reported above, was then taken up. On the 12th of August, 1867, Wm. Henry filed his petitionas a creditor of Campbell, to force him in to voluntary bankruptcy, and to restrain an injunction against the Sheriff of Armstrong county, to restrain him paying out any money in his hands, and also the auditors appointed by the Court from making distribution. The fund in Court realized by a sale by the sheriff of real estate of Campbell amounting to $2,700, some two months before from to whom the money would go on distribution by the State Court reck. to dissolve the injunction.

THE POINTS RAISED WERE:

1. As to the power of this Court to enjoin State Courts or the officers thereof.
2. The liens being valid this Court has no power to enjoin them by injunction.
3. The Bankruptcy law does not impair or effect liens acquired before the filing of the petition and not void or voidable by the act.
4. The act went into operation 1st June, 1867, and an act can be initiated prior to that time to good cause for adjudication in bankrupt.y.
5. All the judgments were entered on warrants of attorney dated more than four months prior to the filing of the petition for adjudication.

E. S. Golden, Esq., counsel for certain creditors, made the first argument, after which the Court adjourned.

The case is argued by Messrs. Golden, Foster, Purviance and Painter, for the motion, and H. B. Patterson against it.

CRIMINAL COURT—JUDGE STERRETT.

Robert Gilmore "Bunty" Gillespie was arraigned on a charge of felonious assault and battery on Thomas W. Ellis, the 16th of September last. It was proved that the defendant struck the plaintiff with a knife, inflicting a dangerous wound. Gillespie was found guilty, and sentenced to three years' imprisonment in the Western Penitentiary.

James Curtin was tried for committing an assault on Blasius Rauch, found guilty and sentenced to pay a fine of $10 and the cost of prosecution. The defendant was also fined for an assault on Justice Barker, of south Pittsburgh. The assault was committed in the office of the Justice. On this case the defendant was found guilty. He was sentenced to pay a fine of $30 and costs, and undergo an imprisonment of one month in the county jail.

ALLEGED LARCENY.

George Langdon was arraigned on an indictment for the larceny of the tongue chain of a wagon belonging to Epiraim B. Trimble, of Hampton township. It appeared from the testimony that the waggon of the prosecutor was standing in the road some distance from his house, and that previously the prosecutor had borrowed from the defendant a chain of a similar character, which he had broken, and the defendant wishing to use his wagon to the chain from Trimble's wagon, he restored it, but not until the prosecution had been commenced. The Court instructed the jury to render a verdict of not guilty.

FELONIOUS ASSAULT AND BATTERY.

Michael Leonard was placed on trial on a charge of felonious assault and battery. It was alleged that the assault was committed on the night of the 29th of June last, in the Borough of West Pittsburgh, on the person of the prosecutor, Patrick Graham. The facts of the case have been published, and no new facts have been developed. The prosecutor and Leonard at a drinking house in West Pittsburgh, and had quite a difficulty there. While Graham was proceeding home he was attacked by Leonard with a club, and beaten. The wound was for a time considered dangerous, but he finally recovered. Two shots were fired, one passing through his hat, the other through his hand. The case was on trial at adjournment.

COMMON PLEAS.

[Before Judge Mellon.]

Patrick Graham vs. Gottlieb Fux. Action to recover money from an order alleged to have been given by Fass, payable to Gargrick, for the sum of $118. Verdict for defendant.

Philip Hockler, vs. Henry Meyer. Action to recover money due from the defendant to the plaintiff in the sum of $23

The Court adjourned until Monday morning, and the jurors were discharged until that time.

Public Amusements.

OPERA HOUSE.—The "Streets of New York" was performed last evening to a crowded audience. The principal characters were well sustained, and the performance throughout was satisfactory, judging from the frequent applause. To-night the admired play "The Kentucky Bell Boy" will be performed by one of the best casts it has ever had in this city.

THE MUSEUM is at the old Theatre, continue to attract good and sufficient audiences, however, as it is decidedly one of the best troupes that has ever visited Pittsburgh. Two more ninth-provoking comedians than George Christy and Billy Birch, and Thos. Burbank will be very difficult to find. They perform again to-night.

LIFE OF LINCOLN.—The panorama of the Life of Lincoln, at Masonic Hall, is well worth seeing, and to visitors to the city should not miss the opportunity to do so.

Granulated Sore Eye Cured.

I have been afflicted for a long time with a sore eye, which had baffled all ordinary treatment. Having heard of the successful treatment of Dr. Aborn, at 134 Smithfield street, I was determined to give him a trial in my case, and it gives me great pleasure to say that he has performed a perfect cure in seven days. Persons suffering from a disease of the eye will find Dr. Aborn one of the most skilful surgeons in the United States. He does not torture you to death in trying to cure you, but his manipulations are done with great skill and with soothing effect. JOHN WARNER,

284 Ohio street, Allegheny.

THE CAMPAIGN.

A GRAND REPUBLICAN RALLY.

The Meeting at Hare's Hotel Last Night.

Speeches by Hon. Galusha A. Grow, Governor Geary and R. Stockett Matthews, Esq.

The largest and most enthusiastic Union Republican meeting of the campaign was held last evening, on Liberty street, in front of Hare's Hotel. At an early hour, all the available ground within hearing distance of the stand was completely occupied, and the utmost enthusiasm prevailed. The pleasant and eloquent addresses of the speakers were noble sentiments uttered by the people, and were warmly applauded. The meeting was organized by selecting the following officers:

PRESIDENT—Hon. J. K. Moorhead.

VICE PRESIDENTS—James Reese, Col. Wm. Phillips, John R. McCune, Richard Thompson, James M. Lyons, Samuel Bardley, Louis Kirkpatrick, Jared M. Simpson, August Streitmeyer, John Fullerton, Thomas J. Bigham, Park Davis, T. W. Sturgeon, Thomas Cochran, W. J. Radcliff, Wm. Little, Dr. F. M. Benham, W. H. Barker, H. B. Stotler, John P. Fears, James Park, Jr., John Chisiett, John H. Hare.

SECRETARIES—Wm. Espy, J. S. Morrison, James W. Mackrell, J. Wilis Dilzell.

Hon. J. K. Moorhead made a brief speech, in which he said that the first speaker he had the honor of introducing to them was the Hon. Galusha Grow, formerly Speaker of the House of Representatives, and a man who had served his constituents faithfully. Mr. Grow was received with applause, and was received with cheers and spoke as follows:

SPEECH OF MR. GROW.

Mr. President and Fellow Citizens: For four years our country shook with the tread of armed men. Three hundred thousand of your brave sons found in Southern soil their grave, and millions of treasure have been expended and sorrow sits at almost every door. What caused these sad scenes, and who is responsible for our dire woes? On the first of September, 1859, the people of this district—and I stand wearing a man to do right. But remember when a few years ago the Supreme Court of the United States declared that slavery could be carried into the territories of the United States, and it only remained one more decision to carry it into all the States in the Union. I saw a man the other day who said the decision of a Judge was not a matter of much importance, but it will be sufficient for most of you to simply refer to that man's record. That man, whose name I raised aside to decency the country, there were men in Congress, Judge Bingham, Thaddeus Stevens, Horace Wood, among others that of declaring greenbacks unconstitutional. Speaking of Judge Williams, he said that there was no clearer-headed, abler, more honest man that ever breathed the air of Heaven than he. Mr. Moreland concluded by the people calling on the meeting to support Judge Williams, and the whole Union ticket.

The meeting then adjourned with three hearty cheers for Judge Williams, Judge Sharswood and the whole Union ticket.

A Physicians Testimony—From M. M. Fenner, M. D.

A letter from M. M. Fenner, M.D., Fellow and Corresponding Secretary of the Eclectic Medical Society, State of New York, late of the U.S. Navy, Editor of the *Medical Progress, etc.*

It is right and proper to accord credit where credit is justly due. Therefore I feel a pleasure in stating to those afflicted with diseases of the ear, that I became so deaf in one ear as to be unable to hear the ticking of a watch when closely applied. After all deafness was accompanied by singing and roaring sounds in the head positively painful; and that I called upon Dr. E. S. Aborn, Oculist and Aurist, at 134 Smithfield street, Pittsburgh, for the happy effect of having my hearing fully restored, and all the accompanying unpleasant symptoms completely removed within fifteen minutes from the time I entered his office. Such results speak for themselves, and of course could not be strengthened by any word of comment. Dr. Aborn thus presents claims to high consideration as an aurgeon.

STATE FAIR.—We invite the attention of those visiting the Fair to the advertisement of Macrum & Carlisle, 19 Fifth street. They have just received a splendid stock of wines and liquors, which they offer at very low prices to cash buyers.

Instant Relief.

I have been suffering with a most excruciating pain in the head and jaw since the beginning of last winter, so severe at times as almost to deprive me of reason. I went to several of the best physicians in this city, and was also on hundreds of boards for thirteen weeks. A friend advised me to visit Dr. Aborn. I did so, and in five minutes time he relieved me of all pain. MARY MULLIGAN,

Allegheny City.

Card to the Public.

The undersigned trustees of the Riverside Institute, an Institution chartered by the State of New Jersey, for the maintenance and education of the Orphans of the Soldiers and Sailors of our whole country, which is being established and endowed by the patriotic liberality of the Washington Library Company of Philadelphia, would announce to the public that in their opinion, the efforts being made by that Company for the establishment of the Riverside Institute cannot fail of success. Their accounts have been established, and their advertisements published throughout the country at great expense, and the institution is now being opened. If the distribution were to take place, and the labors of the Company cease, on the 25th inst., as advertised, the Institution, though established, would be left without the means for its continuance, and all the expenditure of the Company would be lost.
